

Name:

Men's Bracket: \$5

Rules:

Winners of each prelim heat and the runner with next furthest distance advance to final heat

Zach Perrin: Formerly a sub-4 minute miler at the University of Colorado and still the Montana High School record holder in the 3200 meters, this toe-headed Montana Legend now lives in Bozeman and trains with his girlfriend, Makena Morley. This will be Zach's first appearance at the Treadmill Challenge. Can his twine-like calves handle the grade?

Monte Cole: Making his second appearance at the Treadmill Challenge, Monte is hungry for more. In 2020, Monte just barely missed advancing to the final round, but now with 516 days to train for the 2021 Treadmill Challenge, Monte is in the best shape of his life. Most recently, Monte broke the old course record and finished 2nd at the River of No Return 55k in Challis, Idaho.

Chase Green: Coming off of a 4th place in the 3200 and a team title at both the Montana High School State Track Meet and cross country meet with Missoula Sentinel, Chase is our only high school runner in the Treadmill Challenge. With pr's of 9:30 in the 3200 and 4:28 in the 1600, Chase is one of the faster runners in our field. He also asked to be a part of the Treadmill Challenge, which is NOT common.

Kris Brown: Hailing from Santa Barbara, California, Kris Brown, is new to Missoula but not new to racing uphill. Kris runs for HOKA ONE ONE in races up to 100 miles, most notably finishing 3rd in HOKA's 2021 Carbon X2 100k in 6hours and 39 minutes, averaging a pace of 6:20/mile For 62 miles. Can he average such a pace for 10 minutes on the mill?

Isaac Schmidt: Isaac graduated from Hellgate High School, where he ran for the legendary Anders Brooker for 4 years. Famously known around Missoula for his record on the infamous Whitaker Hill Climb, if Isaac is even close to his full potential he should be a contender. Now a senior at Montana State University, Isaac is in the middle of his summer training and ready to rip at the Treadmill Challenge.

Adam Peterman: After a career running at the University of Colorado, Adam returned to Missoula to pursue running on the trails. He now runs for HOKA ONE ONE and is widely known for his ability to take excellent "dad selfies". Adam has dominated the Treadmill Challenge the past two years, including breaking Jim Walmsley's former record. Speaking of breaking records, Adam also broke Walmsley's record at the Sentinel Hill Climb. This guy can run up hill, FAST. Can anyone beat Adam? Can anyone take a dad-selfie as bad as Adam?
